Subject: Response from Rep. Nicholas A. Langworthy

To: 

# NICHOLAS A. LANGWORTHY

Representing the 23rd District of New York

Dear 

Thank you for contacting me to express your opposition to the Safeguard American Voter Eligibility Act (H.R.22). I appreciate the opportunity to respond.

As you know, the SAVE Act would require proof of U.S. citizenship to register to vote in federal elections and prohibit states from processing voter registrations unless the applicant presents documentary proof of citizenship. In addition, H.R.22 would require states to remove noncitizens from their voter rolls and establish criminal penalties for election officials who register someone to vote who has not provided proof of citizenship. I proudly supported the SAVE Act when it passed the House on April 10, 2025. Presently, this important legislation to secure our elections has been referred to the Senate for further consideration.

The SAVE Act is a commonsense measure to ensure only U.S. citizens are partaking in our elections. In New York, we have a bipartisan Board of Elections to ensure that free and fair elections occur. When an individual goes to the polls in New York State, there will always be a Republican election inspector and a Democrat

election inspector sitting next to each other in this self-policing system.

Unfortunately, New York, like many other states, lacks a photo identification requirement, a critical measure to ensure our elections are secure. A photo ID is required to get a job, buy a car, buy a house, collect government benefits, and even to enter many buildings. Yet, there is no reason why you should not need an ID to verify who you are when registering to vote or casting your vote in an election—the constitutional right of American citizens.

Under the Biden Administration, over ten million illegal immigrants have entered our country, and the SAVE Act will be an effective measure to prevent these individuals and additional noncitizens from illicitly influencing the future of our nation. While we may not see eye to eye on this issue, rest assured I will keep your thoughts in mind as Congress considers further legislation to ensure the fairness and security of our elections.

Once again, thank you for contacting me about this important issue. Please do not hesitate to reach out with any additional questions, comments, or concerns. My door is always open, and I am honored to serve Western New York and the Southern Tier in Washington.

Sincerely,

**Rep. Nicholas A. Langworthy**
